Welcome To Geoffrey Parker's Customisation Guide

When it comes to customisations at Geoffrey Parker we believe almost anything is possible you just have to ask. This document will take you through the stages of customising your monopoly board, cards and playing pieces. Please fill out the spreadsheet using CAPITALS, and ensure all spellings are correct as they will be copied exactly.
We hope that this document helps with the process but please ask for help if you require it.

Meet Elliot Parker

Grandson to Geoffrey and running Geoffrey Parker day to day now Elliot will be your main point of contact. He will design your board for you and work with you to ensure it's exactly how you want it.
No detail is too small and no idea is too crazy, but he will always do his best to ensure you get a monopoly set that reflects you and your personality.

What can we customise?

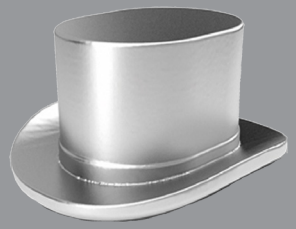
Streets
On the spreadsheet you will find the 'streets' highlighted in yellow, here you can change these to houses you've owned, places you've lived or even the holidays you've taken. There are 22 streets to change in total.

Edition name
You will find on the top left corner of the attached spreadsheet a highlighted area for which we require a name or your edition. This will appear on the reverse of the Chance and Community Chest cards and if you require it on the playing board.

Chance & Community Chest
In addition to standard instruction cards, there are 6 Chance and 11 Community Chest cards which can be customised – the main thing though to note is that the value and the positive or negative slant should not be changed. So if it is a fine card, it should remain so and the same if it is an award card; for example "Food poisoning at a favorite restaurant, fine £50".

Money
We have the normal valued money or you can have our "Billionaire" edition notes which take the cheapest property up from £/$/€60 to £/$/€6M and the most expensive from £/$/€400 to £/$/€40M. If you decide this is what you would like, then the fines/awards on the Chance and Community Chest cards will change accordingly.

What Can We Customise?



Stations
There are 4 “stations” these too can be changed but must remain under one generic heading, i.e. “Restaurants”, “Golf Clubs” etc., as the property cards will refer to whatever the subject is.

Utilities
There are 2 of these and the same premise applies as for the “Stations” – whatever these are changed to, they must have the same generic heading as each other.

Playing pieces
These are made as standard in pewter and are the traditional “Top Hat”, “Iron”, “Dog” etc.

However, at Geoffrey Parker it wouldn’t be luxury withou customising them. This can add to the overall cost but does look stunning and makes the item trulybespoke. For a one-off piece, we make custom in either Sterling silver or silver-gilt. We have casts from vintage rolls royce to sets of golf clubs. Or for a complete cast of your own unique item, we can also organise this too. All of these are at additional cost.

Leather Colours
It wouldn’t be bespoke if you couldn’t choose your colours. Choose from our wide range of leather colours. For our printed boards we use a slightly different leather with a smaller number of colours due to printing requirements.

For our luxury inlayed boards you will need to choose a colour for the plinth and center of the board.

Create Something Truly Unique

We have been handmaking luxury board games for 6 decades and we have seen some truly unique designs. Whether you'd like a playing pice modeled on your hotel from your honeymoon or a slice of the english Ritz it's more than possible with Geoffrey Parker.

If you're looking for something even more special such as diamonds and pretious gems that is no problem. We have, in the past worked on boards that included sterling silver playing cards and 18ct gold playing pieces.

If you are looking to design this for your company or brand, we can also create custom embossing for logos either on the board or on the plinth. For printed versions adding a logo is no problem along with photographs for that added personal touch.

COMMUNITY CHEST
OXFORD STREET
£30,000,000

We look forward to working with you
